

# CANADIAN INTERNATIONAL LOGISTICS INC.

Please complete the form below to provide CIL with a blanket USMCA certificate, which will cover those goods benefiting from preferential tariff treatment under the United States-Mexico-Canada Agreement (USMCA). A blanket certificate will cover multiple shipments of the same good(s), instead of submitting a certificate with each shipment.

The CIL Team will review the submission to ensure all fields have been properly completed and there are no obvious deficiencies. When the Certificate of Origin is approved for use, a copy of the form will be sent to the email address you provided.

If changes are required, a CIL Team member will send you a description of the information that needs to be modified or added in order to obtain approval from CIL.

Please note that CIL approval does not constitute U.S. Customs and Border Protection approval. CBP may have additional questions when presented with the information you have provided.

**Please send the completed form to the CIL Team at [CIL@cndintl.ca](mailto:CIL@cndintl.ca) or call +1.613.345.0237**

Country of Origin \*

**At least one declaration must be added.**

I certify that the good(s) described in this document qualify as originating under the United States-Mexico-Canada Agreement (USMCA), and the information provided is true and accurate. I assume responsibility for providing such representations and agree to maintain and present upon request, or to make available during a verification visit, documentation necessary to support this certification.

There has been no further production or any other operation outside the territories of the parties other than the unloading, reloading, or any other operation necessary to preserve it in good condition or to transport the good(s) into the territory of the importing party. The goods did not leave the custody of the customs authorities while outside the territories of the parties.

By submitting the above USMCA information, the user agrees to participate in Deringer's blanket USMCA program. The user also agrees to any fees which may result from said submission.

## Glossary

### Blanket Period

"Start" is the date upon which the certification becomes applicable to the goods covered by the blanket certification. It may be prior to the date of signing this certification. "End" is the date upon which the blanket period expires. In no instance should that certification exceed a 12-month period. Any information provided should be updated in the event any previously-issued certification no longer applies.

### HTS

Harmonized Tariff Schedule classification

### Origin Criterion

Specify the origin criterion (A, B, C, or D) under which the good qualifies, as set out in Article 4.2 (Originating Goods):

A - Wholly obtained or produced entirely in the territory of one or more of the Parties, as defined in Article 4.3 (Wholly Obtained or Produced Goods)

B - Produced entirely in the territory of one or more of the Parties using non-originating materials provided the good satisfies all applicable requirements of Annex 4-B (Product-Specific Rules of Origin)

C - Produced entirely in the territory of one or more of the Parties exclusively from originating materials

D - Except for a good provided for in Chapter 61 to 63 of the Harmonized System:

(i) produced entirely in the territory of one or more of the Parties;

(ii) one or more of the non-originating materials provided for as parts under the Harmonized System used in the production of the good cannot satisfy the requirements set out in Annex 4-B (Product-Specific Rules of Origin) because both the good and its materials are classified in the same subheading or same heading that is not further subdivided into subheadings or, the good was imported into the territory of a Party in an unassembled or a disassembled form but was classified as an assembled good pursuant to rule 2(a) of the General Rules of Interpretation of the Harmonized System; and

(iii) the regional value content of the good, determined in accordance with Article 4.5 (Regional Value Content), is not less than 60 percent if the transaction value method is used, or not less than 50 percent if the net cost method is used

### Certification Indicator

Specify Certifier's authority (in accordance with Article 5.2) and Certification of the good (A, B, C, or D) based on the following:

A - Certifier is not the Producer, but has a certification or statement from the Producer\*

B - Certifier is the Importer\*\*

C - Certifier is the Exporter

D - Certifier is the Producer

\* All USMCA Certificates require a statement of the Certifier's status as either Importer, Exporter, or Producer. A good listed with an Indicator A should/will only ever be used as a supporting statement of USMCA eligibility and cannot be used as a basis to claim USMCA preference on that good at time of entry. If the certifier or a recipient of this Certificate wishes to claim preferential treatment on a good listed with an Indicator A, they must issue a new USMCA Certificate declaring themselves as either the Exporter (Indicator C) or the Importer (Indicator B), as appropriate.

\*\* Restrictions on use by country may apply, see Article 5.2

## **Country of Origin**

Identify the country of origin of the good using the ISO Country Code:

US - United States of America

CA - Canada

MX - Mexico

## **Adding Declarations in Bulk**

Declarations can be made in bulk via a comma-separated values (CSV) file by clicking on the "Upload" link below the "Declarations" header and selecting a CSV file that meets the following criteria:
